Dear Sir:

I am a pediatric neurologist involved in the care of [REDACTED] McLellan (DOB: 2/13/[REDACTED]) since November 2012. I last saw him on July 23, 2018. [REDACTED] has an Attention Deficit Disorder and takes medication for this every school day.

His father's absence from home would put significant strain and stress on [REDACTED] and his family. Due to his disorder he requires more support and supervision than one would suspect for his age. I ask you to please consider this in [REDACTED] father's case.

Thank you,

Eugene Roe, M.D.  
Attending Neurologist
